by rail

It's best to travel into Brighton's mainline station for Lumen clients.

Brighton station is served by high speed services from London, as well as Intercity services from the west & north.

Train information can be found at www.nationalrail.co.uk or by calling 08457484950.

Once you're here in Brighton, there are 2 good ways to reach us, we wouldn't recommend trying to reach the studio by bus, as routes from the station are quite convoluted -

On foot.

Directions from the station by foot are shown below. it normally takes around 15-20 minutes.

By taxi.

There is a taxi rank on the station forecourt. The main taxi company in the city is Streamline, they can be contacted on 01273 747474 or 01273 202020.

If you are running late or are experiencing delays, please contact the studio immediately on 01273 690149, as we may have alter booking arrangements for your session.

Directions on foot from Brighton Station:
